1982 INDEX

Articles

Alexander, George A. "Improving Systems Development At Clemson University." March, pp. 16-21.

Arth, Maurice P. "Allocation Of Resources To Computer Support In Two-Year Colleges: 1979-1980." January, pp. 24-30.

Chachra, Vinod, and Heterick, Robert C. "Anatomy Of A Decision Support System." September, pp. 6-11.

Chaffee, Ellen Earle. "Information Systems To Support A Decision Process At Stanford." May, pp. 4-7.

Cobb, Jennifer T. "Course Offerings: A University Of Georgia Resource." May, pp. 16-19.

Collier, Shirley Daniels. "Improving Productivity Among Data Processing Professionals." January, pp. 4-7.

Doty, Kathlyn E. "Higher Education Cutbacks: Information Systems To The Rescue?" November, pp. 6-10.

Doty, Kathlyn E., and Krumrey, Arthur J. "Administrators Build Their Own Systems At Loyola University." September, pp. 20-23.

Graham, W. L.; Biddington, W.R.; Richmond, W.A.; and Sizemore, R.M. "ODONTICS: Omnibus Dental Online Treatment And Information Control System." July, pp. 4-8.

Ko, Vivien; Smith, Leland; and Wasileski, John. "Relief From 'The Great Paper Chase' And Other Office Miseries." March, pp. 4-7.

Kriegbaum, Richard. "The College As A Knowledge Organization." July, pp. 20-24.

LeDuc, Jr., Albert L. "Recruitment Of Computer Services Personnel For Colleges And Universities." July, pp. 16-19.

Lightsey, Malcolm B., and Clary, Van Rickland. "Mississippi Approach To A Statewide Management Information System: The Beginning." March, pp. 8-12.

Merante, Joseph A "Successful Student Recruitment Using Direct Marketing And Information Technology." January, pp. 18-22.

Meyer, Richard W. "A Methodology And Linear Model For System Planning And Evaluation." November, pp. 12-15, 23.

Miller, Tobey L. "Applications Development: A Wholistic Approach." July, pp. 10-13, 25.

Penrod, James I., and McManus, John F. "Decision Support Systems: Information, Technology And People." September, pp. 12-16.

Pope, James A., and Cross, Edward M. "An Admissions DSS For Forecasting And Simulating College Enrollment." September, pp. 24-29.

Roberts, Michael M. "Decision Support Systems: The Need, The Challenge." This introduction to the special DSS issue includes a selected DSS bibliography. September, pp. 3-5.

Rodgers, Kenneth W., and Wickstrom, Natala K. "Improving Financial Aid Delivery Through An Electronic Delivery System." November, pp. 18-22

Russell, Robert E. "Administrative Information Systems In Higher Education: The 1981 Study." November, pp. 24-27.

Sherron, Gene T. "Planning For Office Automation." January, pp. 8-14.

Steingraber, Jack K., and Kunkel, Douglas F. "An Integrated University Online/Data Base System: A Reality." May, pp. 8-13, 24.

Warford, Stu. "The Systems Analyst Role Reviewed: An Alternative Approach." May, pp. 20-24.

Wineland, Joyce A. "Word Processing At Carnegie-Mellon University." March, pp. 22-26.

College And University Systems Environment

Community College of Denver, May, pp. 14-15.

Florida International University, March, pp. 14-15.

Iona College, November, pp. 16-17.

Kansas, University of, January, pp. 16-17.

Pacific Lutheran University, September, pp. 18-19.

Swarthmore College, July, pp. 14-15.

Current Issues

Baughman, George W. "Management Graphics." March, pp. 2-3.

Chachra, Vinod. "Multipurpose Workstations And Multifunction Networks." July, p. 2.

Inselberg, Armond. "The Institute For Software Engineering." September, p. 2.

Ogilvie, Robert G. "Software Commission: A Status Report." May, p. 2.

Penrod, James I. "The University Computer Challenge: Synopsis Of An Institute." November, pp. 2-5.

Plourde, Paul J. "The Center For Information Systems Research." January, pp. 2-3.

Viewpoints

Donald, A. Wayne. "Individuals Benefit From CAUSE, Or What's In It For You!" September, p. 36.

Mann, Richard L. "A Rethinking Of The Role Of Information Systems." January, inside back cover.

Publications — Reviews

Developing Structured Systems: A Methodology Using Structured Techniques, by Brian Dickinson. Reviewed by Sandra T. Dennhardt. March, p. 13.

FUTURE MIND: The Microcomputer — New Medium, New Mental Environment, by Edward J. Lias. Reviewed by Charles R. Thomas, November, p. 28.

Planning Models for Colleges and Universities, by David P. Hopkins and William F. Massy. Foreword by John G. Kemeny. May, p. 3.

Strategic Planning for Information Systems, by Robert V. Head. Reviewed by Donald M. Norris. November, p. 29.

Teams in Information Systems Development, by Philip C. Semprevivo. Reviewed by Charles J. Yoos II. January, p. 15.

Writings of the Revolution: Selected Readings on Software Engineering, edited by Edward Yourdon. Reviewed by George D. Alexander. September, p. 33.
